Latest News

Martial Law Imposed

Recently, the Myanmar government imposed martial law over much of the country, but especially areas in the north-west and west. As you know, these are the parts of the country where most of our works are done. Please pray that the areas under martial law will not be expanded any further, but will actually be lifted.

Villagers Arrested in India

Many of our villagers who were forced to flee from their homes because of the civil war have been arrested by the Indian police and military, and charged with illegal entry and staying in the country illegally. They will probably be sent back to Myanmar, and we don't know what the Myanmar government will do. Please pray that the Lord will protect our people, from the PDF, the Burmese military, and now the Indian government as well.

New Kanan Village Rescue

Recently, the PDF entered New Kanan Village, which is where one of our larger congregations is located. Soon after, the Burmese military moved into the area and set up camp on the other side of the village. At this point, the villagers quickly began leaving the village, knowing that a big fight was likely to begin.

The main method of travel in this area is by boat, on the river by the village. Unfortunately, most of the boats had been taken and the rest of the villagers had nowhere to flee except into the forest. They

Digging a shelter in the forest

gathered up what they could in a short amount of time and then went into hiding in the forest.

As soon as we found out, our volunteers sprang into action, trying to locate enough boats to evacuate the over 200 people living in the forest, including many elderly and small children. We also provided funds to purchase food for them, as what they carried with them soon ran out.

All of the people were safely evacuated downriver to Homalin, where the Christians made room for them in their homes.

During this time we were praying for their safety, and also that the fighting would not get out of hand and that the villagers' homes would not be destroyed. We prayed specifically that the Lord would drive out the fighters from the area from both sides of the conflict so that the people could return home in peace.

Two days after the safe evacuation, we heard the news that the PDF forces escaped from the village across the river, and the Burmese military also left the area after making sure that no land mines or traps had been set in the village. Praise

 Palal's Ministry Updates..... 1-10

God!

Now, at this time, most of the families have been able to return to their homes, and no one was injured and no property was damaged. Thank you all for your continued prayers for our people!

2022 Ministry Report

What follows from here is a summary of the ministry activities and projects completed or continued over the last year, compiled by Palal. The first section contains miscellaneous updates; then it is followed by updates on our other major, long-term projects such as HBS, HPS, NPH, etc.

These projects and works involved many volunteers, some of whom risk their lives by serving their people. We thank you for your continued prayers for Palal, Kikim, and all of the pastors, elders, leaders, and volunteers across Myanmar who have dedicated their lives to serving Christ and His Church.

1. New Believers at Wetinpauk

In 2022 fourteen Buddhists (from the Mro tribe in western Myanmar) accepted Jesus as their Lord and Savior at Wetinpauk Camp. We praise God that they found salvation and peace in Christ while they were so anxious about the civil war!

Since May of 2020 we have been

providing the refugee camp with emergency relief, including food, clothing, shelter, solar panel kits for light and electricity, and many other things, to over one hundred refugee families at the Wetinpauk IDP camp. The people are from the Mro tribe, a sub-tribe of the Chin ethnic group, and were oppressed by the local militias in Rakhine State.

As we shared with them for their physical needs, we also shared with them for their spiritual needs. Our team initially focused mostly on the seniors at the camp. They do not have jobs and they were longing for their homes. We shared the Gospel with them every time we visited the camp, from our very first visit.

Now, fourteen of them have confessed that Jesus is the Christ, the Son of the Living God, and is their Savior and Lord. There are many more people who are coming to Christ in the camp. Let us continue praying for them, and that more people will come to Christ soon!

2. New Facilities at Wetinpauk Christian Church

Thanks to your generous donations, we have been able to supply the new Wetinpauk Christian Church congregation with many items for their church, like a sound system (speakers and microphones), chairs, tables, storage cabinets, dishes and cooking utensils, and

much more! Also, because of your generous donations, we have been able to purchase and install new lighting and electric fans at the new Wetinpauk Christian Church building.

This building is also used for other purposes and the camp residents are very happy that the new church has been established. It helps them to know that they have not been forgotten, and that people all around the world care about what is happening to them. Because of your wonderful generosity we were able to purchase these very practical items for the new congregation. Thank you!

3. Christmas Meals Distribution for over 300 Churches

This Christmas of 2022 we provided funds for Christmas meals to three hundred three churches across all of Myanmar in all 14 States and Regions. First, we distributed funds to the churches in our fellowship among the Kuki Christians. Then we included other churches in the whole country. Most of them found us online and requested help from us using their cell phones.

Raising and providing funds for the annual Christmas meals project has been a great blessing for many poor congregations in our country, and especially now in the time of civil war.

The LORD has added more funds every year for more churches in the

whole country. Because of your donations over 300 churches could have Christmas meals. They all praised God for these blessings!

Families at 10 Mile Naga Church enjoying a VCM

4. New Kanaan Church New Building Dedication

Praise God for another new church building that has been completed.

New Kanan Christian Church reached out to us for help in November, 2021. They had built as much of their building as they could afford, but estimated it would take them many more years before they could save up the funds needed to complete the building.

Since then enough donations came in to keep them busy with construction, and almost one year later they finished! The new building is very beautiful and will serve the congregation and the village for many years to come.

We joyfully dedicated the new building on November 6, 2022. The size of the new building is 63 feet long and 28 feet wide.

Wetinpauk Refugee Camp

New Kanan Christian Church—New Building

At first we thought the building was too big in size for just sixteen families, but God had a special plan in mind. Just before the construction was finished nineteen families from the Baptist church wanted to join with New Kanan Christian Church. Now there are thirty-five families with a total of one hundred eighty-three members!

Thank you to all who gave to help this poor congregation finish their building. Now they can worship God in a safe building that will protect them from the wind, the rain, and the heat.

5. Two Homes Rebuilt after Fire

Two homes that were destroyed by fire were rebuilt. One was for Mr. Kham Chin Hau of Khampat, and the other was for Mr. Jang Kho Lim of Jangnoi Village. We applied for a grant from International Disaster Emergency Service (I.D.E.S) and they granted us the funds to rebuild the two homes.

1) Mr. Kham Chin Hau's home at Khampat was destroyed on April 11th, 2022, at 10:30 pm. We started the new construction on May 24th, 2022, and held the dedication service on June 25th, 2022. Mr Kham Chin Hau is in his eighties, and he is very happy for the new home. We are all very thankful to I.D.E.S for granting the funds to rebuild a new home for him and his extended family.

2) Mr. Jang Kho Lim's home at Jangnoi Village was destroyed by fire on April 23rd, 2022, at 4 pm. We started the new construction on June 13rd, 2022, and we held the dedication ser-

vice on June 24th, 2022. Mr. Jang Kho Lim's family is very poor and they are extremely thankful for their new home. Many pastors and congregation members from Jangnoi Village and surrounding villages attended the dedication service with great joy.

Thank you, I.D.E.S for granting us the funds for rebuilding those two homes. We all praise God for His wonderful love and blessings upon these two families. God bless I.D.E.S!

6. New Well at Munnomjang Village

Thanks to God, we successfully completed another clean water project at Munnomjang Village. We began digging the well on March 22nd and completed it on April 24th, 2022. It is thirty feet deep. Now Munnomjang villagers are very blessed with the new well and they are very happy for it.

7. New Water Tank at Wetinpauk

We received a grant from I.D.E.S for a water storage project at Wetinpauk refugee camp to serve 186 refugee families. The concrete water tank, which holds 2,700 gallons of water, is 12 feet long by 10 feet wide and 3 feet high. Praise God!

We began digging the foundation on January 4th, 2022. Then it took ten days

Palal baptizes new Christians in the new water tank

from foundation to roof (corrugated steel). We held a prayer dedication service on January 20th, 2022. They all are so happy now that have a new water tank where they can get sufficient water for drinking, cooking, and laundry.

Before the water tank was installed they were so worried about the water shortage during the dry season. The situation was very tense, and it led to many arguments over water.

Now they are so happy that they can store sufficient water! We are so thankful to I.D.E.S for this water project for these refugee families. It is a wonderful blessing for them. We are also so thankful to all of our donors for their generosity for our clean water projects.

8. New Generator for Wetinpauk

New electric generator for the camp

Thanks to our generous donors, the families at Wetinpauk IDP Camp can use the new generator to power the water pump anytime it is needed to fill up the new water reservoir. They also now have electricity to power some lights and to recharge the batteries which we provided for them two years ago, and which they have purchased since then.

The people in the camp are very happy with the new generator. Thank you all for your generous donations to help the poor and needy!

9. Land Purchased for Refugee Families

The refugee families from Rakhine State asked us to help them for their temporary homes. These were elderly people and very poor families who had no idea if they would ever be able to return to their villages, most of which had been destroyed by the fighting

there.

These families were living in temporary shelters on someone else's land, and every day they did not know if they would be kicked off and have to find somewhere else to live. This caused them great anxiety every day.

As they were in desperate need of help, we were able to purchase the land in June and July of 2022, enough for fourteen families.

Now these fourteen refugee families are living in Wetinpauk without worrying about being forced to leave by the landowners.

Our goal was to purchase enough land for twenty families, so we still need \$4,000 to buy the land for six more families for a permanent dwelling. Please pray for these funds to be received soon.

10. Kuki Christian Church Centennial Celebration

We celebrated the Kuki Christian Centennial Jubilee at Jangnoi Christian Church on Sunday, December 18th, 2022.

Carrying the Centennial Stone out of the forest

Mr. Thang Kho Zam (1922 to 2022) was the first convert among the Kuki Christians in Myanmar. He went to school in Manipur, Imphal, India, and there he became a Christian. Then he returned back to Myanmar. He began preaching the Gospel among the Kuki people in Myanmar, and now all the Kuki people in Myanmar identify as Christian!

As part of the ceremonies we erect-

ed a large centennial stone memorial at Jangnoi Christian Church, along with twelve smaller stones representing the twelve tribes of Israel. Finally, one additional stone was placed as a memorial for Mr. Thang Kho Zam, our first convert. These stones will be for a remembrance of the Kuki Centennial Jubilee of Christianity and a reminder for the Kuki Christians to keep their strong faith in Christ forever.

11. The 9th Kuki Christian Convention and Combined Christmas Celebration

Over 400 people attended the 9th Kuki Christian Convention, which was combined with the Christmas celebration at Jangnoi Christian Church, December 17th and 18th, 2022. Congregations from Jangnoi, New Jangnoi, Shwepyita, Moldumphai, Thingphaijang, Towa, and Manly villages attended our convention.

It was the first convention for our churches in the Jangnoi area. Many people who could not come to our conventions in Tamu and Homalin because of the distance were so thankful that they could participate in singing, dancing and sharing testimonies at the combined Convention and Christmas celebration.

Pastors Lun Kho Thang, Ngam Hao, Jam Pao, and I, preached during the convention. It is a time of hungering for the words of the Lord for our congregations in the Jangnoi area. They all were very

The leaders of the convention

comforted and revived, both physically and spiritually, from our visiting and from our preaching.

12. Bible Camp at Wetinpauk IDP Camp

We held a three day Bible Camp from January 12th to 15th, 2023 at Wetinpauk Christian Church. Half the attendees were from Christian villages, and half were Buddhist. Pastor Chit Thein from Mawlamyaing Town in Mon State and I shared the Gospel of Jesus Christ to over fifty people in each session.

They all loved hearing the Good News of Salvation! Most of the people attending were over sixty years of age, and they listened eagerly to our preaching.

They are very new Christians and most come from a non-Christian background, so they do not know how to sing hymns. I taught them two short choruses, "Savior, Savior, hear my humble cry; while on others Thou are calling, do not pass me by," and "Happy day,

Palal preaching at the Three-day Bible Camp at Wetinpauk

happy day, when Jesus washed my sins away! He taught me how to watch and pray, and live rejoicing every day. Happy day, happy day, when Jesus washed my sins away!"

They loved singing these two short choruses and the songs touched their hearts! They even kept singing them and praising God while they were walking around in the camp.

We prayed for them that the Gospel messages and the hymns would change their lives. Now they have heard the Good News, so please continue praying for them that they would confess that Jesus is their Lord and accept baptism into the Church.

13. Wetinpauk Medical Clinic Update

The new clinic building was finally completed in December 2022. It is 30 feet long by 20 feet wide, and has a room in the back for storage of medical supplies and medicines. It has another section for beds. More partition walls will be added inside as needed.

This building is somewhat temporary - the bamboo and thatch buildings do not last very long. But it will suffice in the short term and, if God wills, we will be able to build a more permanent structure in the future.

This new clinic will be meeting a great need for the several hundred families in and around this camp.

Washing the feet of the pastors and elders

Wetinpauk was once considered just a temporary camp for "internally displaced persons" (i.e. war refugees) but has now become a semi-permanent village. The longer the civil war continues, the more permanent the village will become.

Please pray for the funds necessary to continue operating the clinic, to purchase medicines and equipment, and to eventually build a permanent structure.

14. Bible Training for Pastors and Elders

Good Bible training for our Pastors and Elders is one of the greatest needs in our ministry. Most of our leaders have not had Biblical training or training for church ministry. We take this project in our hearts seriously in order to meet the spiritual and physical needs of our congregations.

Our leadership team for our recent training sessions included Pastors Lun Kho Thang, Jam Pao, Dem Pao, Joel Pao and myself. We conducted Bible Training for our Pastors and Elders in both Homalin Township in November 2022, and in Layshi Township (Jagnoi Village) in December 2022.

We saw that some of our pastors displayed negative attitudes and bad character. Spiritually they were very weak, even though they are ministering to the Church. In the heaviness of my heart, I believe that God spoke to me to do for them what Jesus did for His 12 Apostles in the upper room, which was to wash their feet.

Pastors Lun Kho Thang, Jam Pao, Ngam Hao, and I washed the feet of all pastors and elders attending the training. The act of washing the feet changed the hearts and attitudes of our pastors and elders! They all learned that they must not rule over their congregations, but they must serve them with love and compassion.

15. Vacation Bible School

Our churches in the upper Homalin region held a Vacation Bible School (VBS) for the children and young adults at Jagnoi Christian Church from March 31st through April 3rd, 2022.

Mrs. Hoineng, our Christian Chil-

Bible Training at Jagnoi Village in December

dren’s Ministry Moderator, and her husband, Mr. Dempao, along with Mr. Joel Hawlpao and his wife, Mrs. Kimboi, led the VBS. In addition, two of our former HBS students, Mr. Let Tin Pao and Miss Ngai Si helped with all of the activities.

Seventy children from Jangnoi, New Jangnoi, Shwepyita, and Moldumphai Villages attended the VBS.

The children loved learning the Bible stories, playing in all the outdoor activities, the fellowship, and the interaction with one another. They all had a wonderful time learning more about our great God! They really enjoyed the VBS and they look forward to another one coming up soon in 2023. Please pray that there will be peace in the area so that the children can safely attend the VBS, and please pray for additional funds to purchase food, supplies, and to help pay for transportation costs. Thank you.

16. Emergency Hunger Relief help from I.D.E.S

In August 2022, we requested funds to help over six hundred refugee families currently living on the India-Myanmar Border. Our main goal was to provide rice, which is the staple food, for those who fled from their homes and relocated to the camps and villages in India.

I.D.E.S generously granted us funds for hunger relief for these villagers who were in great need. We purchased 711

bags of rice (120lbs. each) which provided food for 91,000 meals to 4,566 refugees in twenty-eight villages and camps.

These refugees are living under great fear from the civil war, which forced them out of their homes and villages because of fighting between the PDF and the Burmese military. They must hide in the villages on the India side until the civil war is over.

Our volunteers visited them, spent time with them, and distributed the much-needed food. They were so comforted, and they told our volunteers that God sent them to comfort them in the their time of fear, helplessness and hopelessness. They all praised God as they received food at the time for their need.

We did all of the distributions wisely and diligently. The Holy Spirit guided us and protected our volunteers from the Military and the People’s Defense Forces. Please continue praying for our country that we will get PEACE soon, and there will be no more fighting, and no more killing.

17. International Day of Older Persons (Seniors Day)

On October 1st, 2022, Palal and the team from Hope Boarding School cele-

brated International Day of Older Persons at Wetinpauk Camp. They distributed rice and coffee to sixty-six persons who were all older than 60 years. They were very happy as we cared about them and distributed rice and coffee for one month for each.

Family Support Program Update

Our pastors faithfully distribute funds to the needy

We are so thankful for all the monthly support for MyHope ministries. We would like you to know that we regularly distribute funds to about ninety individuals and families with the donations to the Family Support Program. Because of your love, many poor disabled persons, orphans, widows, widowers, blind, lame, and sick can have food for their living!

I would like to say thank you very much to all the donors for your love and generosity to the needy ones. We pray that the Lord would bless you as you share your food with us. As the Scripture says, "The generous will themselves be blessed, for they share their food with the poor." Proverbs 22:9.

18. Pao Chin Hao Received Aid

In November 2022, Mr. Pao Chin Hao, a blind boy, received funds from

VBS at Jangnoi Village

Pao Chin Hao and family with new cows

MyHope to go to the medical clinic in Kalay for treatment. The doctor was unable to help him recover his sight, saying it was too late to help him. After that we raised some funds to help him with his life situation.

Our friends were generous and provided enough funds to purchase two cows! It took awhile to find two cows that were good for them, but finally they were found and purchased.

He and his mother and father are so happy, and now he has hope for his future. He and his family will raise the cows and, with God's blessing, they will be able to have calves of their own someday soon. Please pray that he will end up with a large herd!

Hope Preschool Update

19. New Building Finished

We thank God for His provision for our Hope Preschool's new building!

We started the paperwork for the new building construction on January 14th, 2022. We began laying the foundation on January 19th, 2022. Our construction team worked very hard during the civil war. We finally were able to hold the new building dedication service on July

Hope Preschool—New Building

2nd, 2022. Praise God!

Our preschool staff, students, and parents really love the new building! They also feel that this new building is not just a learning center for their children, but also a safe place to hide from the bullets and bombs, as their community is in an active war zone.

The parents told us that the preschool is safer than their homes. Almost every day there was an attack between the Military and the People Defense Force (PDF) in the area around the preschool. Please continue praying for God's protection upon our preschool families and staff.

20. Preschool Opening for School Year 2022-2023

Though the civil war was still going on around the preschool community, we reopened the school on September 12th, 2022. Now we have twelve students and two staff: Ms. Lucy and Miss Vei Nei Lam.

Whenever the civil war is over, the school will be able to take care of around fifty children.

Learning in the new classrooms

Thank you everyone who prayed and gave so that we could build a new preschool building. Now we have enough rooms: one for our staff and library and two rooms for teaching. It was our greatest need. Now God has provided the new building for the children who live in extreme poverty in the community of Namihan.

Agriculture Projects Update

21. Elephant Foot Yam Distribution

We have been helping many poor families to start "Elephant Foot Yam" farms and coffee farms in upper Chin State. These projects will provide them with reliable, ongoing income and enable them to avoid having to work in the opium fields.

New yam crop doing well

Elephant Foot Yam is a highly nutritious root vegetable that is hugely popular in India and China, and it grows well in the hill country of northwest Myanmar.

In February 2022 we purchased 2.25 tons of elephant foot yam bulbils from Southern Chin State (enough estimated for 35 acres of farm). Then we transported them to people in Northern Chin State. We distributed bulbils to forty-four families in five villages.

Those families were chosen from the poorest families in the villages, people who could never afford to purchase the bulbils on their own, even though they wanted to grow elephant foot yams.

They are very happy for receiving the bulbils freely, and they have a new hope for their future income.

On behalf of the cultivators, we would like to share our deepest and humble thanks to all the donors for this project. We especially would like to say a great thank you to **Mason City Christian Church** for their great commitment to help many poor families who continue to need financial support while they wait for the plants to mature until harvest

(three years from planting till harvest).

22. Over 26,000 Coffee Sprouts Distributed

From 20kg of coffee seedlings grown in Khampat, we distributed 26,200 coffee sprouts to twenty-five families in eight villages (Khampat, Sulpi, Jonglon, Aisi, Balbil, Sellup, Kanan and Valpabung) in upper Chin State and Sagaing Region.

Coffee sprouts growing at Khampat

We planted the coffee seeds at two villages, Thingpel in Chin State and Khampat in Sagaing Region, about 20kg in each location.

Unfortunately the seeds in Thingpel village did not grow due to poor watering during the dry summer season. However, we had great success at the seed farm in Khampat, and we distributed 26,200 sprouts to twenty-five new families. Our coffee project continues to grow! Praise God.

New Pathway Home Update

The New Pathway Home has now helped twenty very needy widows in northwest Myanmar!

Mother's Day at the New Pathway Home

They all were in great need of help and the New Pathway Home in Tamu is now their blessed and comfortable home on earth. They are well cared for, both for their physical and their spiritual needs, twenty-four hours a day. There are no other homes like this in north-west Myanmar that we know of.

Currently there are twelve women living at the New Pathway Home. One of our former residents remarried, and one returned home after getting good medical treatment for TB. Another one returned home, and five of them have passed away. Two women passed away while living at NPH, and three women passed away in their villages after they went back to escape the fighting around Tamu. Thank you everyone for your continued prayers and financial support for our residents and staff!

23. Main Gate: The previous New Pathway Home's gate was made of lumber and thin sheet metal, and was not in good shape. It needed to be replaced with something safer and more permanent.

New Pathway Home's new gate

Since the NPH opened, we have been receiving gifts from the local people who like to come and share with the widows. When someone has a birthday, sometimes they will bring gifts of food and money to donate to the home. We saved some of those funds, and using those we were able to replace the main gate. The new gate is made of an iron and steel frame, very sturdy and safe for our residents. It will last many more years!

24. Kitchen Tiling: When the NPH building was first constructed, the only well was located in the area of the kitch-

en. A concrete lid was constructed to put over the well. Since then we have been able to improve and expand the water supply at the NPH, and the well in the kitchen was abandoned.

The well's concrete lid took about one-third of the kitchen space. In July 2022 we took out the concrete cover, filled in the well, leveled and installed new tiling on the floor. Now our cook has much more space to work in the kitchen.

Hope Boarding School Update

25. Roof Reinstallation: When the original building at Hope Boarding School was renovated in 2010, we built a corrugated steel roof over part of the kitchen, the toilet area, and the porch. This old roof was deteriorating badly, was leaking, and needed to be replaced. In April 2022 we reinstalled all the metal roofing on the kitchen, the boys' toilets, and the main building's front porch. Now there is no more leaking from the roof.

26. Reopening HBS: When COVID hit, the government shut down all the schools in the country. Then the military coup and the civil war started in February 2021, and almost all schools remained closed. Some of those that were reopened were bombed by opponents of the government, and some teachers and school administrators were targeted for assassination.

All schools in Myanmar were shut down in 2020-2021 academic year due to Covid-19, and remained shut down for the 2021-2022 academic year due to the political uprising across the whole country. All our students left us in March 2020 and went back to their homes. They all faced many challenges for their living and safety from attacks in every village.

Because of these things, we did not think it was safe to operate Hope Board-

The old roof was in bad shape.

The new roof after installation

ing School. Many parents were also afraid to send their children back down to Yangon. However, by June of 2022 things had calmed down enough that we decided to reopen on a limited basis. So we reopened HBS with thirteen students.

Many of our former students are still living in great fear and hopelessness! They are afraid to attend school as they and their families were warned to not return to school by some of the opposition political leaders.

In the 2023-2024 academic year, which starts in June 2023, we are praying to accept more students. We want to now accept students from any state or region, up to fifty students total. These must be young people who are really ready and willing to go to school and do the hard work required to catch up and be able to graduate high school. We are now in the planning stage of accepting students from every Region or State in Myanmar, and not just from the northwest as in

The students who have returned to Hope Boarding School in 2022

previous years.

Please pray for us as we make this transition. And please pray for the brave students as they make the hard choice to come to Yangon and live for months at a time away from their homes.

Hope Theological Seminary Update

Because of the ongoing civil war we have not been able continue the seminary since March of 2020. However, some of our former students are currently serving as pastors and leaders in their local congregations. Pastor Son Len Mang is serving as a pastor at Khampat Christian Church, and Mr Lhun Kho Lal is serving as the Chairman of Mongjang Christian Church.

We have made a down-payment of \$5,000 for the land for Hope Theological Seminary. The land is located in Tamu near Namihan Christian Church. The landowner is one of the faithful elders and a very godly man.

He has been living on his farmland since we began our Seminary on June 18th, 2019. We are still praying that we will be able to pay the rest of the amount \$15,000 as soon as possible.

In 2023, if the LORD is willing, we would like to continue Hope Theological Seminary in Yangon to train our young pastors and other young people to be the future leaders in our churches. Our congregations in the northwest really need biblically trained and devoted leaders for church ministries. Many of our current church leaders are very old, and our congregations need new leadership soon.

When the civil war ends, and we are able to continue operations in the northwest, we will hopefully be able to build a permanent facility for HTS in Tamu. Please pray for us.

THANK YOU!!

"You can give without loving, but you cannot love without giving."
